Drop-Off Court, Quintessentially Concierge, Entrance Lobby, Lounge/Café, Landscape & Water Features

Welcome

COLLECTION

The Art *of* Arrival

Every entrance, considered.

A drop-off court framed by a monumental sculpture opens onto a double-height entrance lobby. Every arrival feels like an occasion.

Long before residents reach their door, the estate has already begun to unfold: a car pulls in, someone remembers a name, a hand reaches for the bags before anyone asks.

Inside, Quintessentially Concierge attends to every request, and the lounge and café welcome slower mornings. Outside, a shaded canopy tree offers a quiet place to pause, as the water feature fills the air with a gentle, steady calm.

This collection sets the tone for everything that follows, with spaces built for the everyday and the exceptional alike.

Luxury begins the moment you arrive home. Purva Parkhill features four spacious drop-off areas, each up to approximately 2,500 sq. ft. and 60 feet wide, designed for effortless vehicle movement, minimal congestion and a seamless entry. An illuminated central sculpture makes every arrival feel grand, while the covered entrance porch keeps residents and guests dry through the rainy season.
